Sir:

E. I. du Pont de Nemours and Company (DuPont), a corporation organized and existing under the laws of the State of Delaware in the United States of America and having its principal place of business at Wilmington, Delaware, represents that it is the assignee of the entire right, title and interest in and to the above captioned Application by virtue of an assignment by Applicant(s), said assignment being dated the 20<sup>th</sup>, 21<sup>st</sup> and 22<sup>nd</sup> days of July, 1998, and recorded in the United States Patent and Trademark Office the 14 day of September, 1998, in Reel 9466, Frame 0581.

DuPont hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the captioned Application that would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. §154 to §156 and §173, as presently shortened by any terminal disclaimer, of U.S. Patent Application Serial No. 09/120,922 filed on July 22, 1998, hereafter the "Pending U.S. Patent Application". The entire right, title and interest in and to the Pending U.S. Patent Application is assigned to DuPont by virtue of an assignment dated the 20<sup>th</sup> and 21<sup>st</sup> days of July, 1998, and recorded in the United States Patent and Trademark Office the 14<sup>th</sup> day of September, 1998, in Reel 9455, Frame 0488. DuPont hereby agrees that any U.S. patent so granted on the captioned Application shall be enforceable only for and during such period that the legal title to it shall be the same as the legal title to the Pending U.S. Patent Application. This agreement runs with any patent granted on the captioned Application and is binding upon the grantee, its successors, or assigns.

In making the above disclaimer, DuPont does not disclaim the terminal part of any patent granted on the captioned Application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. §154 to §156 and §173, as presently shortened by any terminal disclaimer, of the Pending U.S. Patent Application in the event that it later: expires for failure to pay a maintenance fee, is held unenforceable or invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. §1.321, has all claims cancelled by a reexamination certificate, is reissued, or is otherwise terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.

Please charge the fee for a terminal disclaimer as set forth in 37 C.F.R. §1.20(d) for \$110.00 to Deposit Account No. 04-1928 (E. I. du Pont de Nemours and Company). If this fee is insufficient or incorrect, please charge or credit the balance to the above-identified account.
